

# SPLIT AND TROGIR, CROATIA

## 21 Century Integration International Summer School

On 10<sup>th</sup> August our group visited two amazing places in Croatia and spent time in Split and later in Trogir. Split is the largest Dalmatian city and the second-largest city in Croatia. We had a nice walk in the old town, exploring the Palace of the Emperor Diocletian and saw huge ferries leaving the port. As well as enjoying the beautiful scenery of the bay we went on a guided tour and learnt about the history of Split.

We also took the opportunity to take some photos of the picturesque town of Trogir. Since 1997, the historic centre of Trogir has been included in the [UNESCO](#) list of [World Heritage Sites](#).
